Let's Move!

Chicken Dance

<https://m.youtube.com/watch?v=Nt81gzlAt18>

Put your thumbs in your armpits and flap your elbows (like they are wings) four times to the music.
Bend your knees and wiggle your hips four times to the music,
placing your arms and hands low like the tail feathers of a **chicken**.
Straighten your knees and clap four times, with the music.

Centers

Art : A Handprint Chick

Supplies Needed:

Yellow paper plate or white paper plate, color or paint it yellow

Orange paper or white , color or paint it orange

On orange paper -

Trace your hands, cut them out

Draw a beak (diamond shape, fold in half)

Draw chick feet, cut them out

Cut 2 long strips of orange paper, fold it back & forth several times

On your yellow plate -

Glue on eyes & beak

Glue hands on each side of the plate

Glue 1 foot on each of the strips (legs)

Glue the strips at the bottom of your plate

Game: I spy the color "YELLOW"

How many "YELLOW" things can you find?

In your house? Outside? In a book or magazine?

I encourage you to let your student have time, wherever they are, to play and explore. It could be using their imagination to play with their favorite toy, it could be looking for amazing things in your backyard or creating with regular household items.
