Centers

Art :

1. Draw a picture of where would you eat green eggs & ham.
2. Use sheep template attached.. decorate your sheep GREEN! What green things can you find? Crafting materials, stickers, pictures (from magazines), beads...

Science for Kids:

Green Peas & Water Sensory Activity

Fill a container with water and add green peas to it. Let your student explore using their hands & various kid friendly kitchen utensils/cups

I encourage you to let your student have time, wherever they are, to play and explore. It could be using their imagination to play with their favorite toy, it could be looking for amazing things in your backyard or creating with regular household items. Have fun getting creative!
